Filing cabinets
As per NT Fire 017 and MTC - DOP120 - 60DM

Fire-protected vertical cabinets used for convenient and safe storage of hanging folders. Each drawer has an individual fire protection which protects your documents for up to 120 minutes.

Painted with powder coating in white Platinum colour.

The cabinet has a central lock which locks all the drawers. Built-in, double-acting locking system enables access to the desired drawer, even if the cabinet is locked. Electronic combination lock on special order.

Each drawer comes with an adjustable rail for A4 or folio folders.

Fire protection certified as per NT Fire 017 and MTC - DOP120 - 60DM
